

Holdbrook Primary and Nursery School

Year 6 Curriculum Newsletter

Summer Term - 2017

Dear Parents / Carers

English

This term Year 6 will be covering a variety of genres including: chronological reports, podcasts, arguments, adventure stories and finishing the year by writing their own thriller. There will be a clear focus on the skills of drafting and editing in preparation for secondary school.

Year 6 will continue to develop their knowledge of different forms of punctuation and grammatical terms and how these can be used to improve their writing.

Mathematics

Year 6's learning will be covering the complete range of mathematical activities this term and a great deal of emphasis will be placed on mental skills, the quick recall of key number facts, including times tables, and problem solving. They will also be developing their mathematical thinking through mathematical investigations and problems.

Parents can help by supporting homework, the memorising of glossaries, the learning of times tables and other number bonds.

Topic

Year 6 will be covering the topics 'Frozen Kingdom' and 'Tomorrow's World'.

The children will be exploring the planet's coldest lands...vast, hostile territories, incredibly beautiful yet often deadly. They will learn about the magnificent mammals that roam these lands and research facts and figures about the climate, temperature and habitats.

Who was it that said: 'I'm just going outside and may be some time...?'

Text messages, emails, websites, blogs and podcasts - there are so many ways to communicate! The children will discover the movers and shakers in the world of technology - the people who have shaped the modern world. Where will it end? Let's start today on tomorrow's world...

Personal, Social and Health Education

This term Year 6 will be covering the topics 'Relationships' and 'Changes'. The focus will be on preparation for secondary school.

Physical Education

Year 6 have PE on Wednesdays and Thursdays, where they will be participating in team building exercises, and competitive team sports.

It would be helpful if Year 6 had their PE kit, including trainers, with them every day.

Homework - for details please see your child's planner.

Year 6 are expected to complete 1 hour of homework every night.

This is made up of:

- 30 minutes reading
- 30 minutes spent on:
 - Any written homework set
 - Learning times tables
 - Practising mental maths skills
 - Learning glossaries
 - Reading through their study books

Please encourage your child to read every night. Try to listen to your child reading aloud at least three times per week and record this in their planner.

All Mental Maths practice completed should be recorded in your child's planner

Written English homework is sent home each **Monday** to be returned on **Wednesday**.

Written Science homework is sent home each **Wednesday** to be returned on **Friday**.

Written maths homework is sent home each **Friday** to be returned on **Monday**.

Online support with revision for SATs can be found at:

www.bbc.co.uk/bitesize/ks2

www.woodlands-junior.kent.sch.uk - Woodlands Resources Tab at the top

and of course through Math Whizz which tailors activities to each individual's specific needs.

Parental support with homework would, I'm sure, be appreciated.
