

BIO :

I joined the *Governing Body* in 2017 and started as a member of the *Resources Committee*, with additional responsibilities for *Health & Safety* and *PE* as the link governor. I enjoy serving on the *Governing Body* as a counter-balance to my role working as an *Internal Audit and Risk Manager* in London.

I live in *Cheshunt* with my wife and our three primary school age children, and outside of work I support a *Beaver Scout* group and lead a *Cub Scout* group in *Hertfordshire*.

As an *Internal Auditor* and *Chartered Accountant* since 2004, I have experience undertaking internal and external audits, alongside risk management and project assurance. My audit work balances the 'inspector' role with a 'critical friend' to ensure that a process/system is reviewed to document both the positive controls in place as well as highlighting improvements to enhance the controls in place, all whilst maintaining a positive relationship with the process/system owner and officers. These skills I apply to my *Governor* role.
